“Excellence in Management Consulting”

Who we are...

CiCMC Barbados was launched on November 11, 2011 and is part of the **Caribbean Institute of Certified Management Consultants** and the **International Council of Management Consulting Institutes**.

Our **mission** is to develop and certify a cadre of world-class management consultants while fostering strategic alliances that are supportive of economic development and the provision of competitive services to clients, according to global standards of excellence and ethics.

We will be sharing tips and information on emerging consulting trends and opportunities in Barbados ... and beyond. We will also be sharing practical resources and tools which can be leveraged or implemented in day to day practices.

Click to **join us** - as we seek to build a vibrant consulting community - for the benefit of us all!
