

The Caribbean Institute of Certified Management Consultants, Jamaica Chapter (CICMCJ)

The Caribbean Institute of Certified Management Consultants, Jamaica (Provisional) Chapter (CICMCJ) was launched on December 21, 2010 and incorporated in 2016 as a not for profit. The level of attendance at the launch, was a statement that the CICMCJ is an organization 'whose time has come'.

The launch event included comments from key sector leaders and partners including the Ministry of Foreign Affairs and Foreign Trade, while the two major presentations were made by Ms. Brenda Pope, CMC - President of CICMC and Dr. Ashwell Thomas, CMC – Board Member of CICMC and chief advisor / mentor for the CICMCJ.

The Caribbean Institute of Certified Consultants Jamaica (CICMCJ) is a story of partnership. From the seeds planted in 2007 through the instrumentality of Dennis Strong, to the practical engagement of Caribbean Export in 2009, the initiative of Jamaica Promotions in 2010 with the support of the Jamaica Promotions Limited, The Jamaica Business Development Company and the shepherding of the Jamaica Coalition of Services Industries over the years; truly success comes through collaboration.

Thanks are due to the work of the executive members of the CICMCJ from its launch in December 2010 to the present. A lot of the foundation work was done by the first President and Vice President of the CICMCJ, Dr Canute Thompson CMC and Mrs. Andrea Livingstone – Prince. The CICMCJ is aligned with the main objective of the CICMC, that of being the foremost organisation in the Caribbean for the certification and development of Management Consultants and the Management Consulting profession in this region.

The vision of Dennis Strong translated in his energy and commitment to give birth to this regional institute is exemplary. The cooperation from so many of the fine professionals in the CARIFORUM region is characteristic of the capacity for regional economic and cultural self-direction.
